Powering Your Career - Northern Powergrid Craft Mate (Jointers Mate)

Location: North Yorkshire, South Yorkshire, West Yorkshire, The Humber and northern Lincolnshire

Want to help light up the region, power your career and be part of an evolving energy industry?

We’re looking for aspiring and ambitious individuals who are ready to become our skilled workforce of tomorrow, whilst safely delivering outstanding levels of operational performance and customer service.

The energy industry is advancing with investment in smart technology innovation and Northern Powergrid, as the company responsible for keeping the lights on for 3.9 million homes and businesses across the North East, Yorkshire and The Humber and northern Lincolnshire, is at the forefront of delivering a power network that meets the region’s needs, now and in the future.

We are looking to attract a diverse group of enthusiastic, motivated agile individuals to join our team. Having recently left education or you’re looking for a change in career direction and have what it takes to be the best, this is the opportunity for you.

It is essential that you have a UK Driving Licence, reside within the geographical area and be able to be part of a shift team or participate in a standby arrangement, including out of hours working.

It is desirable but not essential, to have some experience of operating excavating plant and equipment, have some knowledge or experience of the electrical system and be familiar with NRSWA Streetworks and Chapter 8.

The successful candidates will be trained over an initial probationary period, progressing to working alongside a qualified cable jointer. This will require a necessity to work either as part of a shift team, or participate in a standby arrangement including out of hours working.

- **Craft Mate (Underground Cable Jointing)** – Assist a qualified cable jointer working as part of a two person team on work associated with the repair, construction and maintenance of underground cables. Progression opportunities maybe available for individuals who demonstrate an initiative and desire to learn to undertake new tasks.

You will receive training both on the job, and in a dedicated training school.
If you are interested in this position and can answer **YES** to the following questions, then read on to see how to apply.

- Do you currently live in North or West Yorkshire, South Yorkshire, The Humber or northern Lincolnshire?
- Are you willing to work a shift pattern which includes night shifts, weekends and bank holidays?
- Do you currently hold a full UK driver’s licence?

So if you’re highly motivated, well organised, love being outdoors and enjoy a challenge, apply now and see if you have what it takes to join Northern Powergrid and energise your future career.

As part of the selection process you’ll need to complete an online application form and attend an interview if selected.

The starting salary is £18,881. Shift working will attract an additional 27% shift allowance and there will be opportunities for paid overtime.
